

**Glenrothes Motor Sport Club Ltd.**  
**The Kingdom Stages Rally**  
**Saturday 5th November 2005**  
**Final Instructions**

1 **Your start number** is on the enclosed entry list.

2 **Friday Night Scrutineering:** There will be a scrutineering and signing-on session from 4:30 on Friday evening at the Burmah Garage, Kettlebridge, on the A914 between Glenrothes and Cupar. Please contact chief scrutineer Willie Greig to arrange your scrutineering time, space is limited, don't just turn up on spec.. See attached sheet for directions.

3 **On arrival at the airfield:** follow arrows to noise check. Noise check and scrutineering open at 07:00. You should be at scrutineering not later than 07:00 plus half your start number!

***After noise check:***

If you passed scrutineering and signed-on on Friday, you can collect your start pack, including numbers, at noise check in exchange for your completed process sheet.

If you passed scrutineering on Friday but did not sign on, park your car where it does not cause an obstruction, and take your process sheet to signing-on in the hangar.

If you were not scrutineered on Friday, join the queue for scrutineering and enter the hangar when instructed to do so by marshals. After scrutineering **remove your car from the hangar immediately** and park without causing an obstruction, then bring your process sheet to signing on. You will **NOT** be allowed to sign-on if your car is still in the hangar.

4 **Noise and Nuisance** To safeguard future use of the venue, it is important to minimise noise and nuisance in Crail village. Drive quietly and slowly through the village. This applies to competitors, service crews and assorted hangers-on. This area will be observed.

5 **Out of Bounds Areas:** Some areas of the airfield, especially the control tower and other buildings, are out of bounds. Anyone found in these areas will cause the associated crew to be excluded. Competitors, service crews and spectators must stay off the crops, and must also keep off the bales and fences. Competitors may be penalised for the actions of service crews, friends, hangers on, etc.

6 **Darkness:** In the event of delays and/or bad weather, the rally may run into darkness. We will take a decision on the day, depending on weather conditions, whether to continue or cancel the last stage. You may want to bring auxiliary lights.

7 **Remember** to fill in your car number on all of your timecards and the damage declaration.

8 **Finally,** thank you for your entry. Have a safe and enjoyable rally.
